## **C E MARKING TO BS EN 1279 - 5 ANNEX ZA**

### **DANGEROUS SUBSTANCES**

Glass is an inert product and only constitutes a risk if broken. This break risk is covered by building regulations within Safety Glazing requirements."

During the normal, intended use and performance of the Insulated Glass Units, they will not cause any adverse effect on hygiene, health or the environment.

Separate statements and COSH Data Sheets will need to be obtained for glazing materials used in conjunction with these IGU's to ensure the above statement is totally satisfied.
